

## OTA 102 Group Video

Each group will collaborate to develop an informative 2 minute video about the practice of occupational therapy. Each group will choose a leader. The leader will be responsible to submit and upload the final video to YouTube. Videos do NOT need to be made public, however, a link MUST be sent to the instructor through the course email. Be creative and have fun!

NOTE: Still images, video, music used in your video must be original OR from a royalty-free/open source such as <http://www.webdistortion.com/2009/02/21/11-awesome-open-source-music-sites-for-digital-creatives/>.

### Recommended sequence of activities

- Determine group leader
- Identify skills of group members
- Select topic
- Delegate tasks
- Create storyboard (draft of video production)
- Submit storyboard to instructor for feedback
- Create video
- Submit video to instructor for feedback
- Final video editing (include citations for any non-original images, video, or music)
- Upload to YouTube and submit link to instructor

### Grading rubric:

Categories	Exemplary (A)	Satisfactory (B)	Beginning (C)
Accuracy	All information presented in video is from reliable sources and is properly cited.	Most information presented in video is from reliable sources and is properly cited.	Source of information is not known or is of questionable reliability.
Quality of Video	Sharp, clear images, smooth video, clear audio, no grammatical or spelling errors in text; flowing transitions; professional in appearance	Few problems noted in clarity of audio, video, or images; amateur in appearance	Difficulty hearing audio, blurred images, jerky video; no use of transitions; frequent spelling or grammatical errors in text; appears to have been created the night before!
